ENGINEERS | SURVEYORS | SCIENTISTS

Surveying Merit Badge Day

Taylor Wiseman & Taylor has been an industry leader in the land surveying field since our company was founded in 1901. We've performed tens of thousands of land surveys, and have been responsible for the development and implementation of much of the technology upon which the industry depends today.

With that in mind, we are pleased to invite you to earn your Survey Merit Badge on Saturday, May 2, 2009 at our headquarters in Mount Laurel, New Jersey. Professional licensed surveyors, survey technicians, and crew chiefs from our staff, including a merit badge counselor and several Eagle Scouts, will guide you through a series of stations that will allow Scouts to demonstrate the requirements to earn this Merit Badge.

We ask that Scouts arrive for the program in Class A uniform with a copy of the deed for their home address, per requirement #6. *There is no fee to participate.* We also require that every 4 Scouts participating be accompanied by an adult.

Taylor Wiseman & Taylor will provide beverages and light snacks; all participants should bring a bag lunch.

Space is limited, so participants must pre-register. For more information and/or RSVP, please contact:
